Plans for Halloween?
Whether you’re the host or the ghost... follow these tips for a howling good time

Be considerate of your neighbors.
Talk to them before your event and agree on how to communicate if issues come up.

Control the noise level and size of your party.
It’s unlawful to create, permit or continue to permit noise which disturbs the health, peace and safety of others. Guests should not block sidewalks or streets.

Download the Stay in the Blue App!
Monitor how much you or your friends are drinking.

It’s illegal to have an open container of alcohol on public property (streets, sidewalks) - even if you are 21.

Be polite to those trying to help.

Leave drinks at the party when you leave. Use a trash can for litter, not the ground.

Use a bathroom, not the bushes.

Make sure those under 21 are not drinking.
The host can be held legally accountable for them and their behavior.

Don’t allow drunk people to drive.

Choose a costume that does not disrespect others by promoting racial, cultural, gender or other stereotypes.
